

Delhi Vision Statement – *DRAFT*

The Town and Village of Delhi will have a unified vision. Improved communication and coordination will preserve and enhance its assets: rural character, sense of community, scenic beauty, recreation and cultural attractions, vibrant Main Street and working agriculture. Delhi's beauty and tradition will continue now and for future generations.

- Delhi will meet the needs of our diverse population which reside in the Town and Village.
- Delhi will encourage new people to come to Delhi to live and work and existing residents to remain by providing quality affordable housing.
- Delhi will provide a variety of recreational activities and facilities for residents and tourists of all ages, from improved parks, walking, hiking and biking trails, river access points and community gathering areas.
- Delhi will support our local farms and farmers by protecting our agricultural lands from the impacts of development and by promoting local farm products.
- Delhi will encourage coordination and communication between SUNY Delhi, Village, Town and County for community events and activities.
- Delhi will support development of key community resources – SUNY Delhi, Bassett Healthcare Network/O'Connor Hospital and other stellar community assets.
